

Fyling Hall School

Equality and Diversity Policy

Fyling Hall is a welcoming school where everyone is valued highly and where tolerance, honesty, co-operation and mutual respect for others are fostered. We are committed to the development of the whole person within a supportive, secure and creative environment. The School, in all its activities, is committed to ensuring equitable treatment for everyone regardless of individual characteristics such as gender, race, social class, cultural background, disability, religion and national origin. It is implicit within the ethos of the school that name calling or taunting based on race or religion is rejected.

We endeavour to promote positive relationships with parents, governors and members of the wider community. Boys and girls are welcomed from all over the world, irrespective of academic ability. We have an excellent Learning Support Department (headed by Mrs Orchard) and our SEN Policy outlines how we help pupils with particular difficulties. However, the nature of the site and buildings render it unsuitable for those with some physical disabilities.

Attitudes are encouraged that:

- lead to everyone having equal worth and equal right to respect
- promote personal decision making without the influence of prejudice or stereotypes
- broaden the horizons and awareness of the individual.
- The School wishes to:
- promote equality, justice, equality of opportunity and fair play for all and tackle any form of discrimination
- include and value the contribution of all families to our understanding of equality and diversity
- actively promote harmonious relations in all areas of school life
- provide the same or equivalent experiences and positive non-stereotyping information for all pupils irrespective of gender, social class, cultural background, disability or ethnic origin
- provide a learning environment where all individuals see themselves reflected and feel a sense of belonging
- seek to remove any barriers to access, participation, progression, attainment and achievement
- provide a secure environment in which all our children can flourish and achieve all five outcomes of 'Every Child Matters' (be healthy, stay safe, enjoy and achieve, make a positive contribution, and enjoy economic well-being)
- enable pupils to recognise and overcome sexist or other prejudiced attitudes in society
- guard against presenting pupils with restricted views and prepare children for life in a diverse society in which children are able to see their place in the local, regional, national and international community
