

# Fyling Hall School

## Student Testimonials

### Jimena Lopez de la Llave (Year 8) Madrid, Spain

I like Fyling Hall because everyone is very friendly, we're like a big family. I was going to only stay for 1 year to improve my English but I liked it too much here; I needed to come back for a second year. The school is very well situated, we're surrounded by lots of nature, the sea is nearby. My favourite lesson is games, I love playing hockey! I had never played hockey before I came here and I loved it the first time I played. Mr Coates and Mr Parker make every games lesson a new, fun challenge. I really enjoy boarding and I think is a very important part of why I love it here. My matron Miss Anders is amazing; she is always there to help when I need her. All the girls in the house have a good relationship between each

other. I would recommend everyone tries Fyling Hall it's an amazing place to be. I'm proud and happy to be part of this family.

### Damilaire Williams (Year 12) Lagos, Nigeria

I have been a student at Fyling Hall for around 8 months now. Going from being a daily in my home country of Nigeria to being a full-time boarder in Yorkshire of all places was a jarring experience. At first it was extremely intimidating, I had something of a rocky start. Especially considering my far more sheltered and frankly somewhat spoiled upbringing, there were just so many things I didn't know how to do. In a bigger school I would've drowned, but here I got the help and the attention I needed. In these 8 months, I have learned so many important lessons, had so many new experiences, met so many interesting people and just grown so tremendously as a person. It hasn't always been perfect but I wouldn't trade my time here for the world.

### Manfred Kong (Year 9), Hong Kong

I've been at Fyling Hall for just over a term now. I came from, Hong Kong. Fyling Hall was the most reasonably priced private school and when I looked on the website, I liked the small school family atmosphere in the middle of a national park and not crowded, like back at home in Hong Kong. When I first arrived, I was a bit nervous, but I soon made friends who have helped me settle. I like the small class sizes and I think the music, arts and drama are really good over here at Fyling Hall. I made the right decision coming to Fyling Hall. I hope to stay until I finish my A Levels. That's another 4 years! I would recommend Fyling Hall to anybody in Hong Kong because it is so different, small, beautiful and clean air. It makes me a lot less stressed than I was at home.

### Meriam Altaf (Former pupil 2011-14), Azerbaijan

Education is the key to success and Fyling Hall has this key. When I first arrived at the school I was very confused and scared of being in the new environment. However, after a few months I have understood that this is the best thing that could possibly happen to me. As Fyling Hall is a very multicultural school I had the opportunity to learn new languages, cultures and traditions from all over the world. The school gives all and everything to their pupils in order to make them responsible and bright young adults. Fyling Hall is safe and secure. In Fyling Hall I felt as if I am part of the family, which will stay in my heart forever. After finishing my A-levels I decided to continue my education in the UK and applied to Anglia Ruskin University which is located in Cambridge. All the skills that I gained in Fyling Hall helped me to quickly adapt to the new environment and achieve an incredible

results. At the moment I am a third year law student, winner of the several scholarships for the research projects and a Vice-President of the Law Society. All this success is due to hard work, however the biggest contributor is and always will be the boarding school which I attended for three years. Those years made me who I am today. Fyling Hall helped me to build myself and when I was ready they had to let me go into the bigger world to continue pursuing my dreams with the knowledge and friendships for life.

### Konrad Luedecke (Year 13) Munich, Germany

Since I joined the Sixth Form at Fyling Hall School, I have developed several abilities and gained a lot of experience for my future life. Sixth Form in such a small school involves having close contact to all age groups, from the Junior School up to your friends in Sixth Form and the teachers. You learn to take responsibility by doing different jobs in and around school. The contact with members of staff is helpful in order to gain information outside the lessons about topics you have missed or did not understand right away. This is leading the way for a successful life after school.
