

Subjects	
English CT	Hello! As you are working on slightly different aspects of the Alevel course we will continue with the programme we outlined when we spoke last week; Jimena - as well as continuing with Wuthering Heights, I would like you to look at the articles I have shared with you on Teams and let me know your thoughts on them. Tizzy, please could you continue with Tess and, if you have time, watch a version of Othello - you have the link to drama online and there is a great production there.
ESL	Any questions or worries about English contact Mrs Jeeves.
Maths JMi	You have 2 assignments to do before we meet on Fri. Algebraic fractions and expanding/factorising. Remember to have a go at drawing the diagram for puzzle 3.
Physics	We're setting the scene for Einstein with a few key ideas: the speed of light and red-shift. I have a video on Microwaves and on the creation of the Universe that will help with Tasks 4 and 5 this week.
Geography	Changing channel characteristics - the pupils will be looking at how channels change as they travel from source to mouth of a river, and how this affects the processes that are happening. They need to focus on pages 9-15 for this task and work on the relevant questions. Work should be in by the following Monday, 1.00pm at the latest and we will have our regular meeting at 10.30am on Wednesday.
History	This week will begin our look at the first module of the A level course: The later Tudors, 1547-1603. We will consider the chronology, background and some of the main themes of the module, including the legacy of Henry VIII. Students will have some set reading and notes to complete.
ICT	Feedback on research from last week. Research the features Instagram provides for business users and how businesses can use them to raise their profile, gain more customers, gain feedback from customers etc. and how it can help promote their brand. Make notes on findings. Meeting Mon 10.30. Deadline Friday.
German	Our tutorial is on Monday, 1pm. We will continue to work on the novel "Als Hitler das Rosa Kaninchen stahl", so please have your copies ready. Read chapter 2 and answer questions about it in the word document. Hand it in by Sunday, 4pm.
Drama	Continuing from last week, use your timeline of theatre to write a comparison of theatre spaces considering the strengths and weaknesses of each. To help you understand older types of theatre, watch https://www.youtube.com/watch?v=eSAIPJ0FG_0&t=7s a version of Romeo and Juliet filmed at The Globe Theatre in London.
Music	This weeks Music Theory topic is continuing on from last week (Building Scales), as this was a big topic and a big document to work through! Have a look at the BBC Bitesize page on Notation to develop your knowledge further (https://www.bbc.co.uk/bitesize/guides/z6ch8xs/revision/1). Any questions please get in contact.
Business	Complete assignment uploaded to Teams. We will review your mind maps on Tuesday and discuss the next task that will introduce some of the key concepts.
Sports Studies	Using everlearner label the two images uploaded to the group with bones and colour in the muscles task. MC: We will look at the types of practice that are used when learning sports. 1 hour
Art	TYPOLOGIES - PHOTOGRAPHY CHALLENGES Take photographs to create a sequence using food It could be the eating, molding, cooking, peeling etc. Take a photograph of your plate everytime you eat dinner and/ or finish dinner. Take photographs of a collection (Shoes, Nail varnishes etc.) . Take photographs of items that are the same colour or shape. This is a bigger task so you will have until after Half term to complete. Realistically this will take 6hrs to complete over a longer period depending on the subjects you choose to photograph. Meeting at 11 am Monday to discuss.
