

I started Fyling Hall in September and went into year 7.

My junior school was St Hedda's and it was very small. I had one teacher for all my subjects and I shared a class with years 3,4 and 5.

During the last lockdown my teacher sent me lots of work to do at home that I completed on my own.

We had some online lessons via zoom everyday that lasted for about an hour or so and the rest of the day I pretty much did as I liked so long as I got the work done at some point. There wasn't a strict timetable that I had to stick to, so I could get up later on a morning - that was great!

Now we are in lockdown again, school is closed and I am working from home again but it is very different this time around. I am following the usual lesson timetable and only get 4 hours off when I would have had PE. I have lots of different teachers and link up with them and the rest of my class via teams.

It has been hard to learn how to use the new computer systems and a bit stressful too. I feel like I am doing a lot more work this time.

I am looking forward to going back to school because I miss my friends and the fun we have on the school bus!
