

## The Unicorn and the Evil Fox

Long ago there was a beautiful white unicorn called Lucy, with a silky, lush mane and tail. Her favourite food was the moss of the fresh bark of a tree. She lived in a pretty, green forest. But there was an evil fox trying to cut off the unicorn's magical horn. The horn was a very magical object, but the reason why the evil fox wanted the horn was that he wanted the magic to rule the world and make himself powerful. He wanted to make an evil city with his robots and evil inventions but the unicorn wouldn't let that happen.

One day Lucy was going on a walk and finding food for her lunch; she found a shiny red apple and a banana to make a soup. When she went home she was starving. She started making the soup by cutting up the juicy apple but while she was cutting it up, some of the juice went on her body and she turned green. Lucy felt itchy and unwell so she went to bed. The next day, Lucy opened her eyes and she was not in her bed. Lucy was worried that the evil fox had captured her to cut off her horn. She needed a plan to destroy the evil fox with her magic. Right now, Lucy was in a cage, but she used her magic and broke out so that she could destroy the fox. She hid behind a tree and waited for the fox to come. Two minutes later, the fox came to get some water; when the fox turned around Lucy jumped on him and killed him with her sharp, pointy horn. She was free of the evil fox, and would never have to worry about him again.
